

PUREPRO® HAND PUMPS

“Easy Angle” Pressure and Vacuum Hand Pumps

T30

Hand operated piston pumps with built-in check valves for use with liquids and air. Ideal for clearing plugged oil lines, priming pumps, transferring liquids, and adding chemicals to boilers. Heavy duty brass and steel construction.

Features:

- ! Unique “Easy Angle” 120° valve angle makes connections easy
- ! Exclusive center port for installation of a compound gauge allows monitoring of the system pressure and vacuum during operation
- ! Comfortable “T” handle and protective vinyl sleeve on barrel
- ! Quick-connect hose set attaches to hand pump using no tools! (Same, no tools needed connection to all popular hand pumps)

Accessories

PurePro #	Description

PUREPRO® VAC PROBE & BLEED WRENCH

“Vac-Probe” Oil Line Access Port

Allows access to oil lines without opening or disconnecting fittings. Installed in place of the center bolt on the line filter, it allows not only vacuum tests to be made quickly and neatly, but also affords easy access to the fuel system for pump priming and connection of a temporary oil line (run outs). One piece solid steel construction.

Features:

- ! Quickly and neatly access fuel system without disconnecting fittings!
- ! Liquid filled gauge dampens pulsation allowing precise measurement and protects gauge from hydraulic shock damage
- ! Models available for all popular heating oil line filters

Stainless Steel Liquid Filled Gauges

PurePro #	Description
T25	Vac-Probe Kit; (1) Vacuum gauge, (4) Vac-Probes – 1 ea.
T25-1	Vac-Probe w/gauge for small General 1A style filter
