

PurePro Boiler Trim Kits are the only trim packages offering a mix of components from leading manufacturers in a single, easy-to-carry box.

Standard and Deluxe Boiler Trim Kits

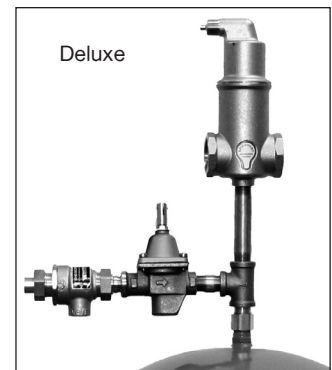

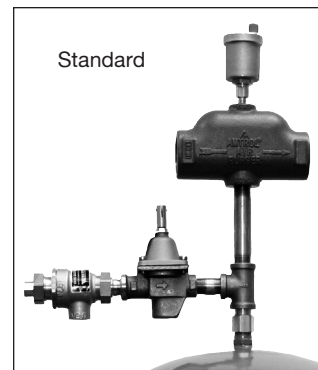

Time and time again, busy contractors tell us that the perfectly matched components of PurePro Boiler Trim Kits reflect the exact choice of quality parts they would pick for themselves if they had the time.

Each kit includes:

- 1 Micro Bubble Air Eliminator or Air Purger/Air vent
- Expansion Tank
- Boiler Fill/Backflow Preventer
- 2 Service Check Valves

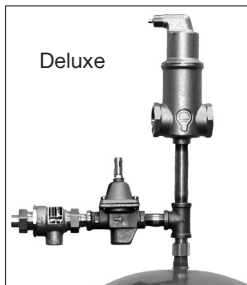

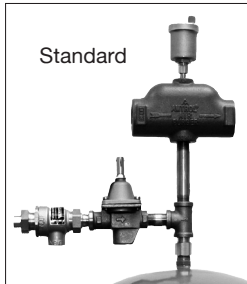

PurePro even includes the nipples...all in a single easy-to-carry box.

Other kits will give you almost everything you need for a basic installation. PurePro gives you all the finest brand components you need for a complete quality installation every time.

Boiler Trim Kits

PurePro Boiler Trim Kits give you everything you need for a quality boiler installation.
